(2004) PR (public relation) is among the main tools of integrated marketing communication and the core of PR today involves mutual understanding and long term relationship building. Although PR covers a wide spectrum of functions from events to crises management but the main objective of this paper was to investigate how the public relation plays its role in launching of new product / brand. extension in the presence of conventional advertising in terms of promoting awareness of product or services, stimulating sales, facilitating communication between customers and companies and their brands,

The fall of advertising and the rise of PR. Item Preview. remove-circle. Using in-depth case histories of successful PR campaigns coupled with those of unsuccessful advertising campaigns, *The Fall of Advertising* provides valuable ideas for marketers -- all the while demonstrating why advertising lacks credibility, the crucial ingredient in brand building, and how only PR can supply that credibility; the big bang approach advocated by advertising people should be abandoned in favor of a slow build-up by PR; advertising should only be used to maintain brands once they have been established through publicity.Â Public relations must launch your brand to establish credibility, and advertising must only come into play at a later stage in a brand's lifestyle in order to defend the brand. Public Relations gets the ball rolling, advertising just keep its rolling. In addition, they stress that creativity is overrated. Advertising should not have creativity as its first goal. Advertising's goal is to serve a buttressing function, keeping the brand in the minds of consumers rather than putting it there. For Advertisers, they basically tell them why theirs is the dominant ideology. As the more well-established and well-monied of the two disciplines, advertising reins. foremost in the minds of marketers because that's where the money is, and that's where they're told the influence is.
