

The Economic & Budget Outlook: Fiscal Years 1998-2007, Paul L. Houts, 9780788139994, 1997, DIANE Publishing, 1997, 150 pages

The Budget and Economic Outlook: Fiscal Years 2006 to 2015. Percent. 100. Unless otherwise indicated, all years referred to in describing the economic outlook are calendar years; otherwise, the years are federal fiscal years (which run from October 1 to September 30). Numbers in the text and tables may not add up to totals because of rounding. Some of the figures in Chapter 2 and Appendix D use shaded vertical bars to indicate periods of recession. The OECD Economic Outlook is the OECD's twice-yearly analysis of the major economic trends and prospects for the next two years. Prepared by the OECD Economics Department, the Outlook puts forward a consistent set of projections for output, employment, government spending, prices and current balances based on a review of each member country and of the induced effect on each of them on international developments. Coverage is provided for all OECD member countries as well as for selected non-member countries.
