

Liquid Money 25 pages 2015 Keith Thompson, 2015 Keith Thompson

When I have the liquid reserves/the money I can further improve my economy, as I can pay of part of my debt, or increase my GDP. Also I could improve construction or civilian spending for the obvious benefits. But thats all I can guess. Example, I am currently playing as SÃ¼dwest and my annual deficit is between 200 and 20 M negative. I played a bit around with decreasing spending, but I couldn't get it positive and it seems like a stupid idea to not spend money to save your economy (I dunno but thats what capitalism is I guess?).
