

YUNG-KUAN CHAN received his M.S. degree in computer science in 1991 from New Mexico Institute of Mining and Technology, U.S.A. He received his Ph.D. degree in computer science and information engineering in 2000 from National Chung Cheng University, Chiayi, Taiwan. From 2001 to 2002, he worked as an Assistant Professor at the Department of Information Management, Chaoyang University of Technology. From August 2002 to July 2003, he was an Assistant Professor at the Department of Computer Science and Information Engineering, National Huwei Institute of Technology. From August 2003 to July 2005, he was an assistant professor, from August 2005 to July 2008, an associate professor, a Full Professor in August 2008, and the Chairman from July 2010 to June 2014, a Distinguished Professor from February 2014 to July 2015, and now is a Honorary Professor of Management Information Systems Department at National Chung Hsing University, Taichung, Taiwan. His research interests include image processing, image hiding, and data mining.

B. Others

1. 2008 **Research Merit Award** of Management of College of Management, National Chung Hsing University.
2. 2011 **Research Merit Award** of Management of College of Management, National Chung Hsing University.
3. **Y. K. Chan**, and C. C. Chang, “Spatial Video Retrieval Based on the Piecewise Method,” Proceedings of the 18th International Conference on Advanced Information Networking and Applications (AINA2004), March 2004, Fukuoka, Japan, pp. 171-176. (**Excellent Paper Award**)
4. “Automatic Band Segmentation and Detection of 1-D-Gel Images with Different Exposures,” TAAI2009, (**Best Paper Award**).
5. “High Robust Image Embedding Method”, 2nd International Conference on Chemical, Biological, and Medical Science (ICCMBS 2013), Phnom Penh, Cambodia. September 25-26, 2013. (**Best Paper Award**).
6. 2011 International Conference on Computer and Network Engineering, Zhengzhou, China. June 17-19, 2011, **Keynote Speaker**.

7. **Distinguished Professor** from 2013 of MIS Department, National Chung Hsing University.
8. **Outstanding Alumni** of Department of Computer Science, Information and Engineering, National Chung Cheng. (2014)
9. 2nd International Conference on Chemical, Biological, and Medical Science (ICCMBS 2013), Phnom Penh, Cambodia. September 25-26, 2013, **Session Chair**.
10. International Symposium on Computer, Consumer and Control (IS3C2014), **Program Committee Chair**.
11. 2014 International Symposium on Computer, Consumer and Control (IS3C2014), **Special session: Medical Informatics, Organizer**.
12. 2014 International Conference on Information Management, **Conference Organizing Committee Chair**.
28. 2014 The Second International Symposium on Networking and Network Security, **Organizing Committee**.
29. 2015 International Conference on Information Recreation Management (2015/11/27~28), **Conference Organizing Committee Chair**.
30. **Editor** of International Journal of Sport and Exercise Science, (from 2014)
31. **Editor** of the Scientific World Journal. (from 2013)
32. **Editor** of International Journal of Robotics and Automation Technology. (from 2014)

Publication of papers in ISROSET is FREE OF COST. We do not charge any publication fee from the authors for the papers to be published in any ISROSET Journals. Free Publication in Computer Science Journal <https://www.isroset.org/journals.php>. Free Publication in Engineering Science Journal <https://www.isroset.org/journals.php>. I am looking for a journal without fee to publish an article about biological conversion of glycerol by means of yeasts. Cite. 1 Recommendation. The following is a partial list of scientific journals. There are thousands of scientific journals in publication, and many more have been published at various points in the past. The list given here is far from exhaustive, only containing some of the most influential, currently publishing journals in each field. As a rule of thumb, each field should be represented by less than ten positions, chosen by their impact factors and other ratings. IJCT started published in December 2011, which is Volume 1, Issue. 1, the Year 2011. The mission of IJCT is to share, develop, and facilitate the output of research papers about computer science, software engineering, information systems, information technology, and computer engineering. International Journal of Advanced Computer Science and Applications - IJACSA is a scholarly computer science journal representing the best in research. Its mission is to provide an outlet for quality research to be publicised and published to a global audience. The journal aims to publish papers selected through rigorous double-blind peer review to ensure originality, timeliness, relevance, and readability. Aradhya International Publication. ARC Journals. Archers & Elevators Publishing House. International Publisher for Advanced Scientific Journals (IPASJ). International Recognition Multidisciplinary Research Journals, Monthly Publish. International Recognition Research Journals. International Research Association of Computer Science, & Technology (IRACST). For publishing a research paper in any of our International Journals we charge a publication fee for the cost of managing the journal website and management team. Payment procedure will be notified to the author through e-mail after the successful review process. The author(s) needs to pay below mentioned charges excluding transaction charge as a publication fee for each accepted manuscript by the editorial board. Submit Your Research Paper for Publishing in our International Peer Reviewed Journals. We invite all research scholars to publish their quality research papers in our double blind peer reviewed International Journals for the next issue. Our journals are published monthly with open access policy for all the published papers.
