In particular, he has been extensively involved in developing a wide range of courses and books for entry into all grades of the medical profession including ST, GPVTS, and consultant grades. In the UK, he successfully implemented the first ever selection / interview course to deal specifically with entry into GPVTS/GPST three years ago and has since been at the forefront of ISC Medical's drive to provide GPST applicants with up-to-date revision tools for the GPST/GPVTS selection process. SJTs for your exam will have been written by "Subject Matter Experts" - people who are successful at the job themselves. These experts are asked to suggest likely scenarios with which you might be faced and also to suggest possible responses and rate these responses for effectiveness. SJTs are our speciality - we have over 10 years experience in writing SJTs for the GPST entry exam and we have built up an excellent reputation for offering high quality questions with excellent feedback. We have written 176 SJT questions specifically for medical students applying for a place on a Foundation Prog
