Free shipping for many products! "Trust has never been more important in the corporate world-because there's so little of it. For years, people have tried to figure out how to communicate trust. Now, finally, Michael Maslansky has unlocked the DNA of trust. Anyone who cares about their employees, their customers, or their reputation has to read this book." "Trust has never been more important in the corporate world-because there's so little of it. For years, people have tried to figure out how to communicate trust. Now, finally, Michael Maslansky has unlocked the DNA of trust. The Language of Trust will help any communicator who must win over a skeptical audience." -Cathy Weatherford, CEO of Insured Retirement Institute. "Today's polarized discourse makes it hard to understand problems, much less fix them. After our big dog and pony show to a bunch of C-suite skeptics, a flurry of questions ensued, but the customer didn't seem particularly satisfied with our answers. They continued to express interest, but would not ink the deal. Then I submitted to them an FAQ which thoroughly reviewed all the problems with our offering. Michael Maslansky, Scott West. What to Say, How to Say It, Why It Matters If you're trying to sell something-whether it's a product, a service, or an idea-you are facing a new era of consumers who listen less and question more. The Language of Trust is for anyone who must sell ideas, products, services, or even themselves to a public that just doesn't want to hear it. Based on pioneering consumer research, The Language of Trust shows you how to regain the confidence of your clients and customers and communicate with them on their terms. You'll learn what words to use, what words to lose, and h
