The hashtag #FilmYourHospital is currently trending on Twitter. With a third of the world's population currently 'on lockdown', some have begun coping with cabin fever by paying visits to their local hospitals to record some of the chaos they expected to see happening there - what with a deadly pandemic raging and all. The surprising thing, however, is that people are finding, for the most part unusually quiet, not busy, hospitals. Some even appear to be - forgive the pun - deathly quiet. Now, it could be that the reason people are currently seeing empty or quiet hospitals is because Covid-19 Hartveroverend geheim book. Read 4 reviews from the world's largest community for readers. This book attempts to spark public discussion by revealing the tainted origins of modern policing as a tool of social control. It shows how the expansion of police authority is inconsistent with community empowerment, social justice"even public safety. Drawing on groundbreaking research from across the world, and covering virtually every area in the increasingly broad range of police work, Alex Vitale demonstrates how law enforcement has come to exacerbate the very problems it is supposed to solve.
