

# The China Reader: Rising Power; 2016; 592 pages; David Shambaugh; Oxford University Press, 2016; 9780190620035

The rise of China is the most significant development in world affairs in this generation. No nation in history has risen as quickly or modernized as rapidly as has China over the four decades. This sixth edition of The China Reader chronicles the diverse aspects of this transition since the late-1990s. It is comprehensive in scope and draws upon both primary Chinese sources and secondary Western analyses written by the world's leading experts on contemporary China. And its "soft power" remains limited. Still, the rise of China is the story of the current era. The China Reader is a perfect window into the complexities of this historic process.
