

Consensus Organizing: Building Communities of Mutual Self Interest #2007 #Mike Eichler #9781412926591 #257 pages #SAGE Publications, 2007

The first new form of community organizing since Saul Alinsky, this book connects the poor to the rest of society. Written in a logical, teachable, and pragmatic style, Consensus Organizing: Building Communities of Mutual Self Interest is a model of social change for the 21st century. Through real examples, author Mike Eichler illustrates how anyone can practice consensus organizing and help the poor, forgotten, and disempowered. (2006). Consensus organizing, building communities of mutual self interest. Thousand Oaks, CA: Sage Publications. Buy this book now! "This book is not just for community organizers" it's for anyone who is interested in social, organizational or even personal change. Beth J. Rosenberg. "Michael Eichler's book was easy to read, easy to absorb and easy to apply on a day-to-day level in my work and in my relationships. It poses a new method of working to mobilize the community for the purpose of affecting positive social change, and is an extremely valuable read." Karen Franz. Consensus Organizing Power creation based on mutual self-interest Parallel organizing among residents and power structure Build relationships and partnerships based on mutual self-interest Communityrun organizations; organize power structure as partner. Theory of Change/ Goals. Build/shift power; build clout to represent interests. Approaches to Community Organizing and Their Relationship to Consensus Organizing. 11. bridging social capital based on instrumental ties and individual self-interest. Transformative models facilitate social capital based on normative ties that is bonding (e.g., among small groups of residents) and bridging (e.g., with groups of activists and organizations outside their neighborhood based on a shared ideological vision). The first new form of community organizing since Saul Alinsky, this book connects the poor to the rest of society. Written in a logical, teachable, and pragmatic style, Consensus Organizing: Building Communities of Mutual Self Interest is a model of social change for the 21st century. Through real examples, author Mike Eichler illustrates how anyone can practice consensus organizing and help the poor, forgotten, and disempowered. Read "Consensus Organizing Building Communities of Mutual Self Interest" by Michael P. Eichler available from Rakuten Kobo. Empowering a community takes more than organizing and mobilizing its people; it takes a simple, yet radical, notion that...
