Review. MY FATHER'S HOUSE has the tension and pace of a detective novel - except that the detective is a part of the narrator's self, and so is the murder victim. A beautifully written, heart-wrenching and ultimately healing story by an amazing and courageous woman (Margaret Atwood). Her book mingles accounts of ordinary life with short, italicised memories of abuse, a method which throws a sinister shadow over the reader's mind, as all accounts of sexual abuse in the home do, by destroying the innocence of the ordinary with a stain (IRISH TIMES).
A remarkable memoir of one woman's courage, power and eloquence to break through amnesia to face the tortured person which resides there as a result of incest and abuse. See all Product description. A beautifully written and ultimately healing story by an amazing and courageous woman - Margaret Atwood. Haunting, courageous and compelling. Fraser recreates the emotional and psychological impact of father-daughter with exacting (and sometimes shocking) realism, but the true strength of this book is the sheer artfulness of its prose. . . . a literary tour de force - Boston Herald.
