Thanks to this information Alan, his father, and minions collected, there will be some (his version) kind of story to tell about the blues in America, its roots, and where it supposedly came from. Thank you Library of Congress for having the insight back in those crazy times to go ahead with this project, and even though it was cut short, continued on with Lomax's love of the blues and all music that has evolved from those time in Africa to now. If you want the down and dirty truth about where and how the Blues began, then here you go. I loved it. I learned more about Levee camps and Muleskinners than I expected and came away richer for it. It begins some years prior with the Centennial Exposition of 1936 and the regionalism of J. Frank Dobie, Walter Prescott Webb, and Roy Bedichek before proceeding to the challenges to their vision of "the Texan" on the part of the African American civil rights, Chicano, and women's movements. The dissertation's central chapters then address the melding of countercultural forms and the state's traditional Anglo-Texan iconography and music in spaces like Austin's Armadillo World Headquarters. Crisscrossing the towns and hamlets where the blues began, Lomax gave voice to such greats as Leadbelly, Fred MacDowell, Muddy Waters, and many others, all of whom made their A self-described "song-hunter," the folklorist Alan Lomax traveled the Mississippi Delta in the 1930s and 40s, armed with primitive recording equipment and a keen love of the Delta's music. heritage.
