My Awakening is a powerful autobiographical account of David Duke's evolution from a typical American son to one of the most controversial political leaders in the world. His compelling story takes us from his early life and love of the wetlands and forests of southern Louisiana to his activism for the rights and heritage of European Americans. He offers compelling evidence that belief in racial equality is the modern scientific equivalent of believing that the earth is flat. Duke offers proof that the disciples of the new religion of racial egalitarianism have suppressed the evidence of racial differences in the mass media. My Awakening: A Path to Racial Understanding is a 1998 autobiography written by David Duke. Duke's social philosophies are outlined, including the reasoning behind his advocacy of racial segregation. Duke said in 1999 that Louisiana Republican governor Mike Foster's money had essentially financed My Awakening after Duke told a grand jury that during the 1995 Louisiana governor's race Foster had secretly bought Duke's list of contributors and supporters.
