Instead, our system considers things like how recent a review is and if the reviewer bought the item on Amazon. It also analyzes reviews to verify trustworthiness. Reviews with images. *Ecological Literacy* is required reading for anyone who wants to understand what we mean when we say, "Education for Sustainability." The core content and the habits of mind that characterize Education for Sustainability are seamlessly and elegantly communicated by many of our most revered champions in the way that only learner-centered experiential educators can do. The book is published by Sierra Club Books as part of its Bioneers series. Against the standards, the writers of *Ecological Literacy* call for a values revolution that may in fact be more conservative of American ideals than what the so-called conservatives propose. The essays are not all of equal quality, and there is the occasional gaffe.
