

Surrey Research Insight Deposit Agreement

Agreement to deposit your paper and give permission to make it available on open access: please note you are granting **your** permission **not** your publisher's.

Covered Work

I would like to deposit my material in the open access repository of the University of Surrey (Surrey Research Insight Open Access). Research referred to below as "Work" is covered by this agreement and when I deposit my Work in the future, whether personally or through an assistant or other agent, I agree to the following:

Non-exclusive Rights

Rights granted to SRI Open Access through this agreement are entirely non-exclusive. I am free to publish the Work in its present version or future versions elsewhere. I agree that SRI Open Access may, without changing content, translate the Work to any medium or format for the purpose of secure storage.

Deposit in SRI Open Access

I understand that work deposited in SRI Open Access will be accessible to a wide variety of people and institutions - including automated agents - via the World Wide Web.

I understand that once the Work is deposited, a citation to the Work will always remain visible, although the author retains the right to update the Work. Removal of the item can be made after discussion with SRI Open Access.

I agree as follows:

- that I have the authority of the authors to make this agreement, and to hereby give SRI Open Access the right to make available the Work in the way described above;
- that I have exercised reasonable care to ensure that the Work is original, and does not to the best of my knowledge infringe upon anyone's copyright.

Corbett, Greville G. 1998. University of Virginia Jon Solomon, University of Arizona Richard F. Thomas, Harvard University. The Essentials of Greek Grammar. A Reference for Intermediate Readers of Attic Greek. Louise Pratt. The primary purpose of this volume is to give, in a reasonably compact and accessible format, the most essential grammar needed to read texts in Attic Greek, material taught in most first-year courses in ancient Greek. This text is to serve as a reminder of that material in a format intended to help intermediate readers master it. First-year students who used an inductive reading-based textbook particularly will appreciate and profit from the outline format provided here. This reference does not cover every grammatical point of Attic Greek, only its most common features.

Archie wanted to look smart. So he climbed onto the donkey. Then they continued in the direction of the town. Further along the road, they met a farmer. "Hello," said Archie. "We want to sell this donkey. Do you want to buy it?" At last, they walked into the town. But there they attracted the attention of some teenage boys. They laughed at Tom and Archie. They started to throw stones at them. The donkey reacted by kicking.
