The Sacred Medicine Path of the Heyokah can involve diminishing fear through laughter. Many people are frightened by the mystery of the Void. They have to be tricked out of their fear so that they can see that their self-created "boogeyman" was the only obstacle to Divine Connection. The Heyokah excels in situations where stubbornness stops growth. If a Heyokah knows that someone is stubborn and has to do it his way, the Trickster will tell him to do the exact opposite. The keynote to the Heyokah card is to lighten up and start balancing the sacredness with irreverence. If you are just being stubborn, it may be time to create a contrary lesson that will force you to crack up, crack a smile, or trick you into going into the crack in the universe to find out what's really important!
