Description:

From Library Journal Based on Crossan's acclaimed and controversial *The Historical Jesus* (LJ 2/1/92), this elegant new reconstruction popularizes and occasionally elaborates on that earlier work. Gone is the massive documentation. What remains is an engrossing, often startling exploration of key themes, in which Crossan weighs scriptural texts against anthropological, historical, and literary standards, sifting through accrued layers for evidence of earlier (if noncanonical) sources. He acknowledges his naturalistic assumptions ("I presume that Jesus... could not cure... disease"), which, together with his critical method, cause him to dismiss the virgin birth, say, or the passion/resurrection narratives, as historically invalid. Yet he also offers nuanced, powerful readings of Jesus' teachings. Bound to disturb some people and stimulate others, this is recommended for all libraries where lay readers are likely to be interested in the issues raised.

- *Elise Chase, Forbes Lib., Northampton, Mass.*

unavailable edition of this title.

From Based on Crossan's more scholarly text, *The Historical Jesus* (1992), this biographical study makes the author's view of Jesus as a social revolutionary available to a wider audience. Crossan clearly defines the problem of trying to locate the historical Jesus in the midst of myth, and he tells readers how he intends to find that Jesus: through cross-cultural anthropology, Greco-Roman and Jewish history, and literary and textual evidence. Compared to A. N. Wilson's *Jesus: A Life* (1992), which brought a real man to life, this account gives little sense of a flesh-and-blood Jesus, though Crossan offers some thought-provoking theories about the man and his mission. What is most interesting about the book, though, is Crossan's portrayal of the times and the milieu that gave birth to a new religion. While, at the end of the book, readers may still not be sure if Jesus was a savior or a sorcerer, they will certainly understand the cultural and historical dynamics that allowed him to step forward in that particular time and that particular place. *Ilene Cooper* --This text refers to an out of print or unavailable edition of this title.

John Dominic Crossan, prominent member of the Jesus Seminar, author of *Jesus: A Revolutionary Biography*, who has stated, "I understand the virginal conception of Jesus to be a confessional statement about Jesus' status and not a biological statement about Mary's body. It is later faith in Jesus as an adult retrojected mythologically onto Jesus as an infant." [22]. Robert Funk, founder of the Jesus Seminar, and author of *Honest to Jesus*, who has asserted, "We can be certain that Mary did not conceive Jesus without the assistance of human sperm. It is unclear whether Joseph or some other unnamed So, was Jesus a revolutionary, a Che Guevara of the ancient world? Not in our usual terms. Jesus did not try to seize power by armed " or any other " means. When they wanted to make him king, He declined (John 6:15). Meanwhile, in His time, there were some Che Guevaras, that is revolutionaries seeking a radical reorganization of society, known as Zealots. They sought to destroy the existing system as a manifestly unjust one and to establish a God-pleasing kingdom of justice. They were inspired by the example of a successful revolt (nowadays it would be called national liberation) that the Macc Download *Jesus: A Revolutionary Biography* or any other file from Books category. HTTP download also available at fast speeds. John Dominic Crossan, widely regarded as the leading authority on the words and life of Jesus, cuts through the minutiae and arcane research of much biblical scholarship to present the best possible historical depiction of Jesus - the man and his message. In elegant prose marked by startling revelations, Crossan presents Jesus as a social revolutionary who preached and practiced a message of radical egalitarianism. The Jesus portrayed by Crossan is a savvy and courageous Jewish Mediterranean peasant who challenged the sacrosanct social rules regarding class, gender, and status.
