What this small group of men did for the landing was invaluable. Woodward admits the mistake of using the frigates as minesweepers, but at the time I think he had little choice. Additionally, while the British submarines are useful for checking the larger Argentinian Navy it's surprising they have limited stalking ability.Â I enjoyed this book and how a good commander helps defend one of the last British colonies. America would do well with such a government. Read more.Â And it's a credit to Woodward the author-analyst that 'One Hundred Days' transcends the Falklands War to give an illuminating, first-person view of campaign and tactical battle coordination. It could find a home on bookshelves of Fortune 500 executives as well as students of naval and air operations. One Hundred Days book. Read 43 reviews from the world's largest community for readers. On 2 April 1982 Argentina invaded the Falkland Islands. The Britis...Â One Hundred Days tells the story of the Falkland Islands war of 1982 from the perspective of the commander of the naval battle group, Admiral Sandy Woodward. It is an unashamedly and intense personal viewpoint as a leader drawn from his diary written at the time showing all the frustrations, anxieties, and grief that assailed him. As an author of naval history, I couldn't put it down. One Hundred Days. The Memoirs of the Falklands Battle Group Commander. By Admiral Sandy Woodward with Patrick Robinson; Foreword by The Rt. Hon.Â Without question, the admiral's memoir makes a significant addition to the official record. At the same time it provides readers with a vivid portrayal of the world of modern naval warfare, where equipment is of astonishing sophistication but the margins for human courage and error are as wide as in the days of Nelson. About the Author. Sandy Woodward.
