Xiv, 146 pages : 23 cm. "This guidebook serves a dual purpose - it provides practical assistance in writing research papers and other types of writing projects in the field of music, and it also offers help with writing effective prose and addressing common problems encountered when writing about music. This revised edition contains expanded discussions of resources for musical research, available on-line and on CD-ROM. The book also instructs in how to use a personal computer to produce a paper. It is intended to help the college student write clearly and effectively about musical issues Writing about Music: An Introductory Guide, 4th ed. Upper Saddle River, NJ: Prentice Hall, 2009. 208 pages. \$58.80. ISBN 978-0-13615778-6. Richard Wingells Writing about Music is accessible but slightly more formal than Bellmans Guide, and much friendlier than Herberts work. Wingell is clear and direct on why we write about music and the difficulties of doing so; he too abhors the anthropomorphized instruments and overly grandiose prose of poor writers. Archival research - "searches for information on the musical life of particular place and time, the venues in which music was performed, and the foreces that were available to perform the music." Biographical research - "uncovers information on the lives of composers and performers, shedding light on why and how they produced their music. Cultural research - "connects music with the historical and artistic trends at work in the surrounding culture." Writing About Music: An Introductory Guide, third edition. ISBN 0130406031.
