Overshadowed by Snowdonia to the north and the Brecon Beacons to the south, mid Wales is something of a 'green desert'. Shrouded by Celtic mists, it baffled the advance of the English invaders, thus preserving the Welsh language in the west of Wales. The tranquil borderland of the Marches, offers a varied landscape truncated by rivers meandering to lowland plains. Limestone Overshadowed by Snowdonia to the north and the Brecon Beacons to the south, mid Wales is something of a 'green desert'. Shrouded by Celtic mists, it baffled the advance of the English invaders, thus preserving the Welsh language This book examines the making of the March of Wales and the crucial role its lords played in the politics of medieval Britain between the Norman conquest of England of 1066 and the English conquest of Wales in 1283. Max Lieberman argues that the Welsh borders of Shropshire, which were first, from c. 1165, referred to as Marchia Wallie, provide a paradigm for the creation of the March. He reassesses the role of William the Conqueror's tenurial settlement in the making of the March and sheds new light on the ways in which seigneurial administrations worked in a cross-cultural context.
