

Faith and the Presidency From George Washington to George W. Bush - 2006 - 680 pages - Oxford University Press, 2006 - Gary Scott Smith - 9780198041153

This bibliography of George W. Bush is a list of published works, both books and films, about George W. Bush, 43rd President of the United States. George W. Bush, *A Charge to Keep* (1999), ISBN 0-688-17441-8. George W. Bush, *We will prevail: President George W. Bush on war, terrorism, and freedom* (2003), ISBN 0-8264-1552-0. George W. Bush, *George W. Bush on God and on Country: The President Speaks Out About Faith, Principle, and Patriotism* (2004), ISBN 1-59160-918-6. George W. Bush, *Decision Points* (2010), This essay surveys George W. Bush's public statements from 1993 to 2001 to examine the evolution of his religious and political rhetoric. Bush's personal religiosity and his use of religious rhetoric during his campaigns for the presidency and in his two terms in office have received extensive comment from the press as well as from scholars. Yet very little scholarly work has considered the role of religion in his earlier political career. Although Bush had evinced a deep and genuine evangelical faith for years before he launched his bid for the governorship, he did not begin his political car I first learned of the Faith & the Presidency book from the Christianity Today magazine. The article was well written and based on the article, I checked out the book from the public library. The book captured the essence of many of the main characters and sharing their faith and how it impacted their decisions within the presidency as well as their campaigns. I thought the book presented a balanced view of democrat and republican presidents; and the author covers each president's religious affiliation without bias. After reading this book I finally understand why religion is such a hot topic during every presidential election. Reading about Abraham Lincoln and how his faith helped him address the crises of the civil war is the best I have read to date.
