

# Christopher Columbus; 9780385196772; 300 pages; 1985; Gianni Granzotto; Doubleday, 1985

Christopher Columbus, by Marion Dane Bauer guided reading level: J. This is an extremely simple book which tells the basic story of Columbus in a child-friendly way. It does not share any hint of misbehavior on Columbus's part. Where Do You Think You're Going, Christopher Columbus? by Jane Fritz guided reading level: S. I wish more kids were familiar with Jean Fritz's books. I think they may be turned off by all the words or the old pictures from the original versions. A History of the Life and Voyages of Christopher Columbus is a fictional biographical account of Christopher Columbus written by Washington Irving in 1828. It was published in four volumes in Britain and in three volumes in the United States. The work was the most popular treatment of Columbus in the English-speaking world until the publication of Samuel Eliot Morison's biography Admiral of the Ocean Sea in 1942. It is one of the first examples of American historical fiction and one of several. This book covers the biography of Columbus in a shorter way appropriate for children. The illustrations were very good and helped keep the kids engaged. The book did include that the sailors left behind on the first voyage were cruel to the Indians and the Indians therefore killed them. It is a very good book for discussing Christopher Columbus. Read more. Helpful.
