Description:

This updated edition of the classic guide to trading provides the edge you need to beat the competition in today's turbulent markets. Not long ago, the world was wondering if it would survive the 2008 financial crisis. Now, markets are at record highs--and traders in the know are doing better than ever before. In this new edition of Mastering the Trade, John F. Carter delivers what you need to make a great living on the

frontlines of professional trading. From valuable hardware and software to market mechanics, pivot points, position sizing, and more, Mastering the Trade is fully updated to meet today's market, including: *All new tools and strategies *Fully updated examples *Easy-to-follow protocols for creating a steady monthly income from your account *Tools and techniques to ensure success - even if you have a full-time job *Exposure to what is working right now Combining insightful market overview with proven strategies and concepts, Carter provides chart setups, trading methodologies, money-management principles, psychological guidelines, advice on the latest hardware and software, and more. This nuts-to-bolts guide provides the all knowledge you need to detect and capitalize on the next market shakeup before it happens.
