This is a great book if you and your partner are having problems conceiving but otherwise, not a good buy. Read more. One person found this helpful. We researched the best pregnancy books from medical experts and top authors. Make sure that the book you are relying on for information bases its information on science, medical information, and reputable sources. While the book doesn't need to be written by a doctor to be helpful, it is important to check out the author to make sure they are legit. Tailored to Your Needs. Whether you are expecting twins, an LGBTQ mom-to-be, a science-based reader, or a more lighthearted person, there's a pregnancy book out there to fit your style and preferences. Choose a book that suits you! You'll be more likely to read it and absorb the info if you connect with the content. Why Tru... Get diet and wellness tips to help your kids stay healthy and happy. Sign Up. You're in! There are a few things I wish I knew before I got pregnant. Not that any of that would have made a difference since I was shagging like six times a day and that baby was bound to happen, but being prepared is always nice. The Everything Getting Pregnant Book: Professional, Reassuring Advice to Help You Conceive by Robin Elise Weiss. 3.6 of 5 stars. (Paperback 9781593370343). I often get asked for book recommendations from newly pregnant women " I can only assume it's because they've already read every nook and cranny of Pregnant Chicken (cough). I actually read quite a few books the first time around and I didn't like many of them (I was lucky to read a cereal box the second time). From how-tos to FAQs, this book has a little (actually, a lot) of everything to help you along on the journey of breastfeeding. Get answers to your questions in a judgment-free zone (with handy illustrations!) without having to wait for the next visit to your doctor or lactation specialist. This book helps to immortalize the ones that everyone experiences, but nobody really thinks to record (or likes to admit), like the first time the baby rolls off of the bed.
